

California Council of Community Mental Health Agencies

Leaders in the partnership that developed and promoted Proposition 63

Survey of member Agencies Providing Services to Special Education Students

Transition from AB 3632 to School Led Program

Name of Agency _____

Contact Person _____ PH # _____

Email _____

Complete the following for each school district or multi district SELPA for which you provide mental health services to special education students

Name of District/SELPA _____

County _____

Approximate # of students seen annually in 2009-10 _____ \$\$ _____

Check all of the following applicable boxes:

- School is contracting with county for assessments referrals and services
- No significant changes in standards rates or services
- We have contracts to serve just as we have in the past
- Schools and county are involved in discussions and it is too soon to know what the new system will be like
- School district has contacted us and is exploring ways to reduce county role
- County is no longer involved; we now deal only with school district for non MediCal students
- School district has changed who does the assessment and referral and the criteria for referral is different but similar
- School district is referring fewer students by changing the criteria
- School district is referring fewer students due to delays or confusion in establishing a new process
- School district is reducing access to higher levels of care such as residential or wrap around services

there are other problems:

I would like to participate in CCCMHA committee.

Please complete this by August 10th and return this by email to mclark@cccmha.org or fax to 916-447-2350.
